Plan your visit

ENERGY ZONE
In the Energy Zone, you can get a clear sense of how much energy is required to watch TV – and you can try lifting your own carbon footprint.

HOUSE OF INVENTIONS
What makes a good invention? In the House of Inventions, you set out on a journey of discovery into the mind of the inventor.

CIRCUS PHYSICS
Immerse yourself in fun and amazing physics phenomena, will find out about the science behind them.

THE TUNNEL OF SENSES
Take a trip through the Tunnel of Senses, a voyage of discovery into your own senses (where you feel, listen, see and smell) your way to new knowledge about yourself.

BE SEEN BE SAFE
Try out the crash simulator and see for yourself how difficult it is to see what is happening on the road when it's dark.

THE LABYRINTH OF LIGHT
In the Labyrinth of Light you can play tunes on the laser harp, examine the colourless room and try moving faster than your own shadow.

A new scientific fun house, *The Experimentarium*, has been built in your town. The main aim of this centre is to show kids that science is not boring – it's fun. It is a museum where kids can take part in different scientific experiments and make virtual tours to any place imaginable. As a reporter for your school magazine you have to prepare an article on it, providing its readers with **the following details**:

- **introduction**
- **the design of the scientific fun centre**
- **interactive activities kids can take part in**
- **other services which *The Experimentarium* centre offers**
- **conclusion**

Write your report in 100-120 words.

Dear readers,
I'm willing to share you with information about modern scientific fun house.
First of all, I want to tell you about place's design. This centre used to be ~~an~~ old food shop in the central part of Surgut. But it

you visit the Experimentarium now. you don't believe your eyes. This place has unforgettable rooms such as the labyrinth of light and the tunnel of senses. Also there is house of inventions on the first floor.

Both children and their parents can find scientific experiments for their's taste and spend free time with pleasure.

This centre doesn't mean only fun. You can buy food, clean your clothes, watch films.

In conclusion, I want claim that you don't pass the moment for visiting the Experimentarium.
