WRITING (25 minutes)

The screenshot shows the Experimentarium website with a navigation bar at the top containing 'EXPERIMENTARIUM', 'Visit', 'Experiences', and 'Corporate'. A dark banner on the right says 'Open today 10:00 - 17:00 Plan your visit'. Below are six exhibit cards:

- ENERGY ZONE:** In the Energy Zone, you can get a clear sense of how much energy is required to water Tili – and you can try lifting your own carbon footprint.
- HOUSE OF INVENTIONS:** What makes a good invention? In the House of Inventions, you set out on a journey of discovery into the mind of the inventor.
- CIRCUS PHYSICS:** Immerse yourself in fun and amazing physics phenomena, and find out about the science behind them.
- THE TUNNEL OF SENSES:** Take a trip through the Tunnel of Senses, a voyage of discovery into your own senses where you feel, listen, see and smell your way to new knowledge about yourself.
- BE SEEN BE SAFE:** Try out the truck simulator and see for yourself how difficult it is to see what is happening on the road when it's dark.
- THE LABYRINTH OF LIGHT:** In the Labyrinth of Light you can play tunes on the laser harp, examine the colourless room and try moving faster than your own shadow.

A new scientific fun house, *The Experimentarium*, has been built in your town. The main aim of this centre is to show kids that science is not boring – it's fun. It is a museum where kids can take part in different scientific experiments and make virtual tours to any place imaginable. As a reporter for your school magazine you have to prepare an article on it, providing its readers with **the following details**:

- **introduction**
- **the design of the scientific fun centre**
- **interactive activities kids can take part in**
- **other services which *The Experimentarium* centre offers**
- **conclusion**

Write your report in 100-120 words.

..... Some of you thinks that science is boring, but not in Experimentarium.....
..... It's a fun place where you can take part in different experiments.....
..... There are many activities where you can take part. First, it's

Energy zone. In this activity you can get a clear sense of how much energy is required to watch TV and you can try lifting your own carbon footprint. Second activity is House of inventions. Here you set out on a journey of discovery into the mind of the inventor. Another fun activity is Circus physics. Immerse yourself in fun and amazing physics phenomena and find out about the science behind them. Next is the Tunnel of Senses. Take a trip through the Tunnel of Senses, a voyage of discovery into your own senses where you feel, listen, see and smell your way to new knowledge about yourself. Fifth is Be seen Be safe. Try out the truck simulator and see for yourself how difficult it's to see what's happening on the road when it's dark. And last, but not least the Labyrinth of Light. In the Labyrinth of Light you can play tunes on the laser harp, examine the colourless room and try moving faster than your own shadow.

Also we have a web-site where you can find more activities, and buy something in webshop.

If you don't believe us, you can try it by yourself. Experimentarium open today 10:00 till 17:00.
